Agencies Accelerate TASER X2 Adoption

SCOTTSDALE, AZ, Jun 18, 2012 (MARKETWIRE via COMTEX) --TASER International, Inc. (NASDAQ: TASR) today announced several orders from large agencies for more than 2,500 TASER® X2 electronic control devices (ECDs) and more than 240 TASER X26 ECDs.

These previously un-announced orders from large agency customers are expected to ship in the second quarter of 2012. With these significant orders, the company expects revenue for the quarter to exceed \$25 million.

"We are delighted that more leading agencies are upgrading from the TASER X26 to the new TASER X2 platform," said Rick Smith, Founder and Chief Executive Officer of TASER International, Inc. "The X2 offers improved performance in all key areas: improved effectiveness, accountability features, reliability, and safety enhancements. We are seeing significant interest from agencies seeking to take advantage of our upgrade trade-in offer valid through June 30, 2012."

Agencies trading-in TASER ECDs can receive up to \$365 in trade-in credits (including TASER TASER CAMcameras) through June 30, 2012. While the trade-in program will continue through the end of 2012, the trade-in credits decrease after June 30, and decrease again on September 30. For more information, visit www.TASER.com/upgrade

Due to operational and security policies, further information will not be released regarding these deployments.
