

Sonoma County Sheriff's Office Deploys AXON Wearable Cameras with EVIDENCE.com 15 New Police Agencies Choose TASER Solution, Deploy More Than 1,200 AXON Systems

SEATTLE, Jan. 14, 2015 /PRNewswire/ -- TASER International (NASDAQ: TASR) today announced multiple large orders of its AXON body-worn video cameras and EVIDENCE.com solution, a back-end digital evidence management system. These orders were received in the fourth quarter of 2014 and shipped in the fourth quarter of 2014 or will ship the first quarter of 2015.

Significant orders were received from the following domestic agencies:

- Sonoma County Sheriff's Office (CA): 241 AXON body cameras with five years of EVIDENCE.com and TASER Assurance Plan
- West Valley City Police Department (UT): 190 AXON flex cameras with five years of EVIDENCE.com and TASER Assurance Plan
- Suffolk Police Department (VA): 129 AXON flex cameras with five years of EVIDENCE.com and TASER Assurance Plan
- City of Denton Police Department (TX): 80 AXON flex cameras with five years of EVIDENCE.com and TASER Assurance Plan
- Las Cruces Police Department (NM): 74 AXON flex cameras with five years of EVIDENCE.com and TASER Assurance Plan
- James City County Police Department (VA): 69 AXON body cameras with five years of EVIDENCE.com
- Mercy Hospital Police Department (OH): 64 AXON body cameras with five years of EVIDENCE.com and TASER Assurance Plan
- Cape Coral Police Department (FL): 62 AXON flex cameras with five years of EVIDENCE.com and TASER Assurance Plan
- City of Roswell Police Department (NM): 62 AXON flex cameras with five years of EVIDENCE.com and TASER Assurance Plan
- Grapevine Police Department (TX): 61 AXON body cameras with five years of EVIDENCE.com and TASER Assurance Plan
- Willingboro Township Police Department (NJ): 60 AXON body and flex cameras with five years of EVIDENCE.com and TASER Assurance Plan
- Newport News Police Department (VA): 54 AXON body and flex cameras, add-on order
- Alamogordo Police Department (NM): 41 AXON flex cameras with five years of EVIDENCE.com and TASER Assurance Plan
- Cache County Sheriff's Office (UT): 37 AXON flex cameras with five years of EVIDENCE.com and TASER Assurance Plan
- Glassboro Police Department (NJ): 35 AXON body cameras with five years of EVIDENCE.com and TASER Assurance Plan

TASER's AXON cameras are small, yet highly visible, and can be attached securely to sunglasses, a cap, a shirt collar, or a head mount. They are powered by a pocket-size battery pack, which ensures recording capability during an entire shift. When recording, the cameras capture a wide-angle, full-color view of what an officer is facing. The video automatically uploads via a docking station to EVIDENCE.com, a cloud-based storage and management system, where it can be easily accessed for review. An end-user cannot tamper with video files stored online or on AXON video cameras.

EVIDENCE.com helps police capture, manage, and share their digital evidence without the complexity or cost of installing in-house servers. It enables greater transparency through seamless integration with the industry-leading AXON body-worn video cameras. EVIDENCE.com is the most secure, scalable, and cost-effective solution for managing all types of digital evidence. EVIDENCE.com automates the upload process to ensure security and integrity while keeping officers in the field rather than sitting at computers.

A year-long Cambridge University study conducted at the Rialto, CA Police Department investigated whether officers' use of video cameras could bring measurable benefits to relations between police and civilians. The results showed an 88% reduction in citizen complaints and a 60% reduction in uses of force after implementation of TASER's AXON flex cameras. In a study by Arizona State University, the Mesa Police Department's use of AXON cameras revealed a 48% reduction in citizen complaints against camera officers for misconduct during the study period, and a 75% decline in use of force complaints. When complaints were brought to Mesa PD, they were resolved quickly due to the accessibility of video evidence.
