About Axon

Axon is a network of devices, apps, and people that helps law enforcement become smarter and safer. Our mission is to protect life. Our technologies give law enforcement the confidence, focus and time they need to keep their communities safe. Our products impact every aspect of an officer's day-to-day experience:

- **In the field** - Our Smart Weapons offer a less-lethal intermediate use of force response and our body-worn and in-car cameras collect video evidence to capture the truth of an incident; and our mobile applications enable simple evidence collection.
- **At the station** - Our secure, cloud-based digital evidence management solution allows officers and command staff to manage, review, share, and process digital evidence using forensic, redaction, transcription, and other tools.
- **In the courtroom** - Our solutions for prosecutors make collaborating across jurisdictions and agencies easy so that cases can be resolved quickly.

We work hard for those who put themselves in harm's way for all of us. To date, there are more than 187,400 licensed users from around the world and more than 196,000 lives and countless dollars have been saved with the Axon Network of devices, apps, and people.
