

## **Axon And Cellebrite Partner to Help Manage and Safeguard Digital Intelligence**

**Data collected and reviewed with Cellebrite Solutions now seamlessly unified in Axon Evidence, allowing investigators to reshape how digital evidence is managed**

SCOTTSDALE, Ariz., Feb. 9, 2021 /PRNewswire/ -- Axon (Nasdaq: AXON), the global leader in connected public safety technologies, today announced a joint partnership with Cellebrite, the global leader in Digital Intelligence, to streamline investigative workflows for investigators. With this partnership, the digital data collected, analyzed and reviewed by Cellebrite's platform will now integrate seamlessly with Axon's digital evidence management solution, Axon Evidence, providing law enforcement with one place to manage, review and safeguard all digital evidence.

In today's connected world, crimes are becoming more complex and influenced by technology. Collecting digital evidence has become critical to law enforcement in criminal investigations, while agencies are dealing with an ever-growing backlog of data. As leaders in the fields of evidence management and Digital Intelligence analysis, Axon and Cellebrite are enabling agencies and investigators to collectively review, share and obtain insights from complex data involved in investigations.

"We are excited to be expanding our digital evidence management ecosystem and bring Cellebrite's Digital Intelligence capabilities to our Axon Evidence customers," says Axon Chief Product Officer and EVP of Software, Jeff Kunins. "This partnership will be a great asset in offering agencies and investigators an array of innovative solutions to gain a comprehensive and objective picture during an investigation to help solve and close cases faster than ever."

"This partnership is about streamlining the investigative workflow to keep communities safe," added Leeor Ben-Peretz, Chief Strategy Officer at Cellebrite. "Many agencies rely on Axon and Cellebrite to fight crime and accelerate justice. By enabling our solutions to work seamlessly together, we empower investigations with one point of evidentiary management, delivering industry-leading tools that agencies can use to securely manage, analyze and review data, and build prosecution-ready single-case files. This new partnership is another step in our commitment to provide law enforcement with cutting edge technology."

Axon and Cellebrite plan to make the integration available for joint customers in mid 2021.

### **About Cellebrite**
